PETITION TO RECONSIDER REINSTATEMENT TO ACTIVE STATUS

Dear Mr. Copenhagen,

Referring to our telephone conversation on July 28, concerning abandonment of the above referenced patent application, this FAX transmittal includes 3 pages titled "Correspondence Log - Patent Office", which pertains to all written communications between this writer and the US Patent Office in the matter of this application. Should you find it helpful, I am also including a copy of my "Telephone Notes" as far as they pertain to this matter.

In view of this information, I respectfully request your office to reconsider my previous petition to reinstate this application to active status.

Your advice and assistance are very much appreciated. Please let me know if any additional information should be required.

W.G. (Don) Korff
